<p><b>Summary of the Event</b></p>	<p>GRIET IEEE PES SBC conducted a webinar on “Plastics in the freshwater system” by Ms. Sneha Shahi, Conservationist- UNEP- Plastic Tide Turner Champion from India. The webinar was conducted on 6<sup>th</sup> June 2023. The webinar was held on G-Meet and the speaker introduced herself and about United Nations Environment Program-India. And then, the session started with the basics of plastics and how they affect our environment. The session included about reduction of plastics in daily life and also the crises we face because of plastic disposal in freshwater systems and how the aquatics are affected by it. And the session was ended by thanking the speaker.</p>
<p><b>Expenditure (in rupees)</b></p>	<p>Null.</p>
<p><b>Photographs of the event</b> (Hard copy and Soft copy)</p>	 <p>The image is a promotional poster for a webinar. At the top, it features logos for GRIET IEEE Student Branch, IEEE PES (Power &amp; Energy Society), and Gokaraju Rangaraju Institute of Engineering and Technology (Autonomous, NAAC A++). The central text reads: 'GRIET IEEE PES SBC PRESENTS A WEBINAR ON PLASTICS IN FRESHWATER SYSTEMS BY MS.SNEHA SHAHI'. Below this, it specifies the date as '6th June 2023' and the time as '12:30pm to 1:30pm'. On the right side, there is a portrait of Ms. Sneha Shahi, identified as a 'Conservationist and UNEP - Plastic Tide Turner Ambassador, India.' The bottom right corner includes the Instagram handle '@IEEE GRIET SB PES'. The background of the poster shows a collage of plastic waste and a tropical beach scene.</p>

**Proofs:**

- 1.Certificates copies**
- 2.Profile of Speaker**
- 3.PPT/Material as applicable. etc.,**

Sneha is a conservationist and is India's UNEP - Plastic Tide Turner Champion. She has worked with an incredible team by her side to restore rivers and represents India as a UN Young Climate Champion for SDG 6. She is currently pursuing her Doctoral Studies at ATREE, Bangalore; Her Ph.D. work focuses on socio-ecological frameworks to restore river Tamiraparani and setting observatories in Tamil Nadu. She has conducted activities to engage the community and mobilize them to help take stewardship of the river that is their lifeline. Sneha loves to bring forward histories of the river and engage with community stakeholders at various levels, her aim is to make science and research more community oriented and accessible for all.
