Summary of the Event	<p>Ms. Harshitha was invited to the stage by HoD and suggested to motivate students for writing GATE Exam. She started her talk by recollecting her memories when she was Final Year how the stress she felt during her final semester. Their parents and relatives frequently used to ask her about placements and getting any private job. But Harshitha, gained her confidence, once when she attempted GATE exam for second time. Earlier attempts were casual, where she couldn't even qualify. After finishing her Graduation, she concentrated to attempt State Gov. AE and AEE exams, where the preparation of GATE helped her very much. Through that preparation, she had got good rank after third attempt. She regretted that; this could have been achieved if she had started preparation in Graduation Second Year itself. Henceforth, Harshitha had taken time of two years after which she got good rank in GATE. She told that this time gap after the Graduation may affect in PSU's interview. Therefore,</p>				

	Harshitha suggested the students/ participants, to start preparation for GATE in Second Year itself, so that while applying for PSU's the gap which Harshitha faced, will not affect in their career.
